

COMPANY PROFILE

PT. Penta Software Indonesia

**Information & Digital Technology
Company**

What We Do ?

WE PROVIDE

total solution of Information and Digital Technology to help your business **grow bigger**.

WE WORK

hand-in-hand with our clients to produce the most effective solution. We create **idea, plan, and solution** as well as custom problem solving to meet client needs.

OUR EXTENSIVE MAINTENANCE

service will also help you keep your business running smoothly, have a greater control of business process, and **boost your overall productivity**.

Our Service

Enterprise Software Development

We provide complete service including planning, implementation, testing, documentation, deployment and maintenance.

Mobile Apps

We develop mobile application system for Blackberry and Android platform.

Website Development

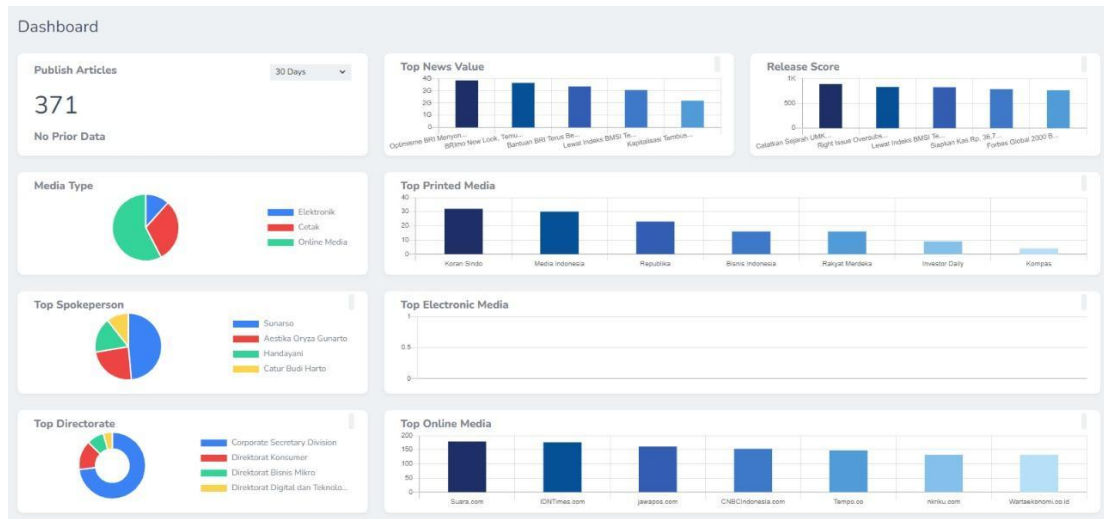

We develop websites to represent you online, market your product and service, and build a connection to the online market

Our Portfolio

Portfolio: Desktop Apps
